

INTELLIGENT AUTOMATION

POWERING EFFICIENT AND COST EFFECTIVE SOLUTIONS FOR MATERIAL HANDLING AND MANUFACTURING.

WHY CHOOSE CCS?

CCS provides a complete set of warehouse, distribution center and manufacturing facility automation solutions, which can be adapted to meet each customer's specific needs. We are committed to ensuring that our solutions are flexible and cost effective, and that each system can be easily modified to meet the constantly changing requirements of our customers.

Conveyors and Equipment

- 24V Powered Roller Conveyor
- 24V Powered Spirals
- 24V Pallet Conveyor
- Controls Panels Design & Build
- Automated Tray Sleeving Systems
- Full Line of ABB Robots
- Full Line of Dematic Equipment
- Full Line of Automotion Conveyor

Automation Systems and Controls

- Scan, Weigh and Label Systems
- Manifesting Systems
- Sortation Systems
- Material Handling Control Systems
- Palletizing Systems
- Graphic Interface Software
- Pre-Engineered Systems

Services and Support

- Engineering Consulting Services
- 3D Simulation and Modeling
- Site Management
- Commissioning and Acceptance
- Decommissioning, Removal, Re-installation
- Training
- 24/7 Technical Support

Solutions

- Packing & Order Fulfillment
- Palletizers & Depalletizers
- Manifesting & Print-and-Apply
- Robotics
- Automated Storage & Retrieval
- Automated Guided Vehicles

OUR CAPABILITIES: IMPROVING YOUR BUSINESS

CCS is a leading provider of automated material handling and industrial automation solutions to customers around the country. Headquartered in Frederick, MD, we provide a full range of equipment, controls and software that helps customers address all aspects of their material handling and industrial automation needs.

We serve a wide variety of customers in the distribution, e-commerce, fulfillment, mail/parcel and government sectors. Our focus is always on the customer, and we take great pride in helping our customers realize their material handling goals.

Higher Standards

- Manufacturing

CUSTOMER COMMITMENT: OUR FIRST PRIORITY

We work hand-in-hand with our customers to make sure they receive the best material handling systems and industrial automation solutions at the best price. All of our equipment has been designed to help make your processes easier and more efficient. We recognize that our customers must focus on the bottom line, and we deliver solutions to meet that objective.

At CCS, we work hard to maintain our reputation for providing quality, affordable solutions to meet the material handling and automation needs of our customers. We never lose sight of our mission – to provide innovative, quality systems and solutions for our customers at affordable prices.

Quality you can Count On

Our commitment to quality starts with our people. Every member of the CCS team is dedicated to exceeding the expectations of our customers, continually improving our processes, and establishing and maintaining our quality objectives.

CCS is ISO9001:2008 certified and we are a member of the Maryland World Class Manufacturing Consortium, the Material Handling Industry of America and the Robotics Industry Association. These standards ensure quality, reduce waste, measure efficiency and lower costs. Our approach includes continual improvement measures in an effort to provide the highest level of value for our customers.
